

SAURABH SINGH

MERN Stack & AI Engineer
(Node.js | React | LLM | RAG Systems)

Phone: +91 7754040908
Email: saurabh146singh.1001@gmail.com
LinkedIn: www.linkedin.com/in/saurabh-singh1001/

PROFESSIONAL SUMMARY

MERN Stack Engineer with 2.5+ years of experience building scalable full-stack web applications using React.js, Node.js, Express.js, and MongoDB. Experienced in developing end-to-end products including responsive frontend interfaces, backend APIs, and cloud deployments. Recently focused on AI-powered applications integrating Large Language Models (LLMs) and Retrieval-Augmented Generation (RAG) for intelligent user experiences. Experienced in building scalable SaaS and AI-enabled applications from concept to production deployment.

SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, REST API Integration, Responsive UI
Backend: Node.js, NestJS, Express.js, RESTful APIs, SOAP APIs, JWT Authentication, Middleware, Microservices Architecture
AI & LLM Engineering: Retrieval-Augmented Generation (RAG), Large Language Models (LLMs), Vector Embeddings, Semantic Search, Document Chunking, AI Agent Integration, Prompt Engineering, LangChain, Python
Database: MongoDB, SQL, Vector Databases(ChromaDB), Schema Design
Cloud & DevOps: AWS, Docker, CI/CD, Render, Vercel
Others: Git, Stripe, Third-Party API Integration

KEY PROJECTS

AI Document Intelligence (MERN + AI)

- Built full-stack AI application enabling document-based querying, reducing manual search time by ~60%.
- Developed React-based UI with Node.js backend integrating LLM-powered semantic search.
- Implemented document ingestion, embeddings generation, and contextual response system.

LivoLabs — Healthcare SaaS Platform

- Developed full-stack modules including React dashboards and scalable backend APIs.
- Implemented subscription workflows, risk evaluation engine, and secure authentication.
- Integrated Stripe billing and cloud deployment pipelines.

KWATAKI (FinTech Platform)

- Built frontend-integrated backend services for loan management workflows.
- Designed APIs consumed by React applications for real-time transaction handling.
- Supported multilingual user-facing product features.

WORK HISTORY

Fortunesoft IT Innovations Pvt Ltd | September 2023 – Present

- Developing end-to-end MERN stack applications serving production users.
- Building scalable APIs and integrating frontend applications with backend services.
- Delivering production-ready features across healthcare and fintech platforms.
- Implementing AI-enabled product features using LLM and RAG architectures.
- Collaborating with frontend, DevOps, and product teams for full lifecycle delivery.

EDUCATION

- Master of Computer Applications (MCA) PES University, Bangalore, 2023
- Bachelor of Vocational IT (B.Voc IT) Ewing Christian College, Allahabad, 2020

LANGUAGES

- English
- Hindi

INTERESTS & HOBBIES

- Cooking
- Travelling
